Lasting beauty for your home

One Collection Chamfered Windows and Doors

Saving energy, money and the environment

With energy prices soaring, you need a window and door system that insulates your home, helping to reduce fuel bills and cut carbon emissions.

Most people are familiar with the rainbow energy label on white goods such as fridges and washing machines. These also apply to windows and doors.

A window energy rating of A+10 or above is considered to be the best in class for energy efficiency. This equates to A+ with BFRC. So when choosing your windows, look for the energy rating label with A+.

Our One Collection Chamfered double glazed windows achieve superb thermal performance with A+ energy ratings. We also offer triple glazed windows for the best in energy efficiency and comfort in the home.

Keeping unwelcome visitors out

You need to feel you are safe and secure in your own home, so we take security very seriously.

Protecting our families and our material possessions is also important, so it's good to know feeling safe and secure in our homes is as simple as choosing the right doors and windows.

One Collection's superior manufacturing combined with high security hardware gives you that peace of mind.

Every effort has been made to ensure your new windows and doors keep both your home secure and any undesirable elements out. To support this claim the One Collection range of products has achieved PAS 24 enhanced security performance requirements for doorsets and windows in the UK.

Smooth and stylish simplicity

One Collection Chamfered windows and doors are a firm favourite with our customers. Smooth and stylish, they are proven to stand the test of time.

This range is available in White and 19 colourways as standard. See page 5. Our suite of windows and doors comes with matching ancillaries, trims and accessories plus a wide choice of complementary hardware to complete the look.

Perfectly balanced

We take our inspiration from the buildings and environment around us. So our designs are flexible, versatile and created to suit contemporary homes and period properties alike.

Good window design extends to the symmetry of window sightlines. Equal sightlines add balance and harmony, giving a cleaner view from the outside in, and from the inside looking out. It means our windows look less cluttered and more symmetrical.

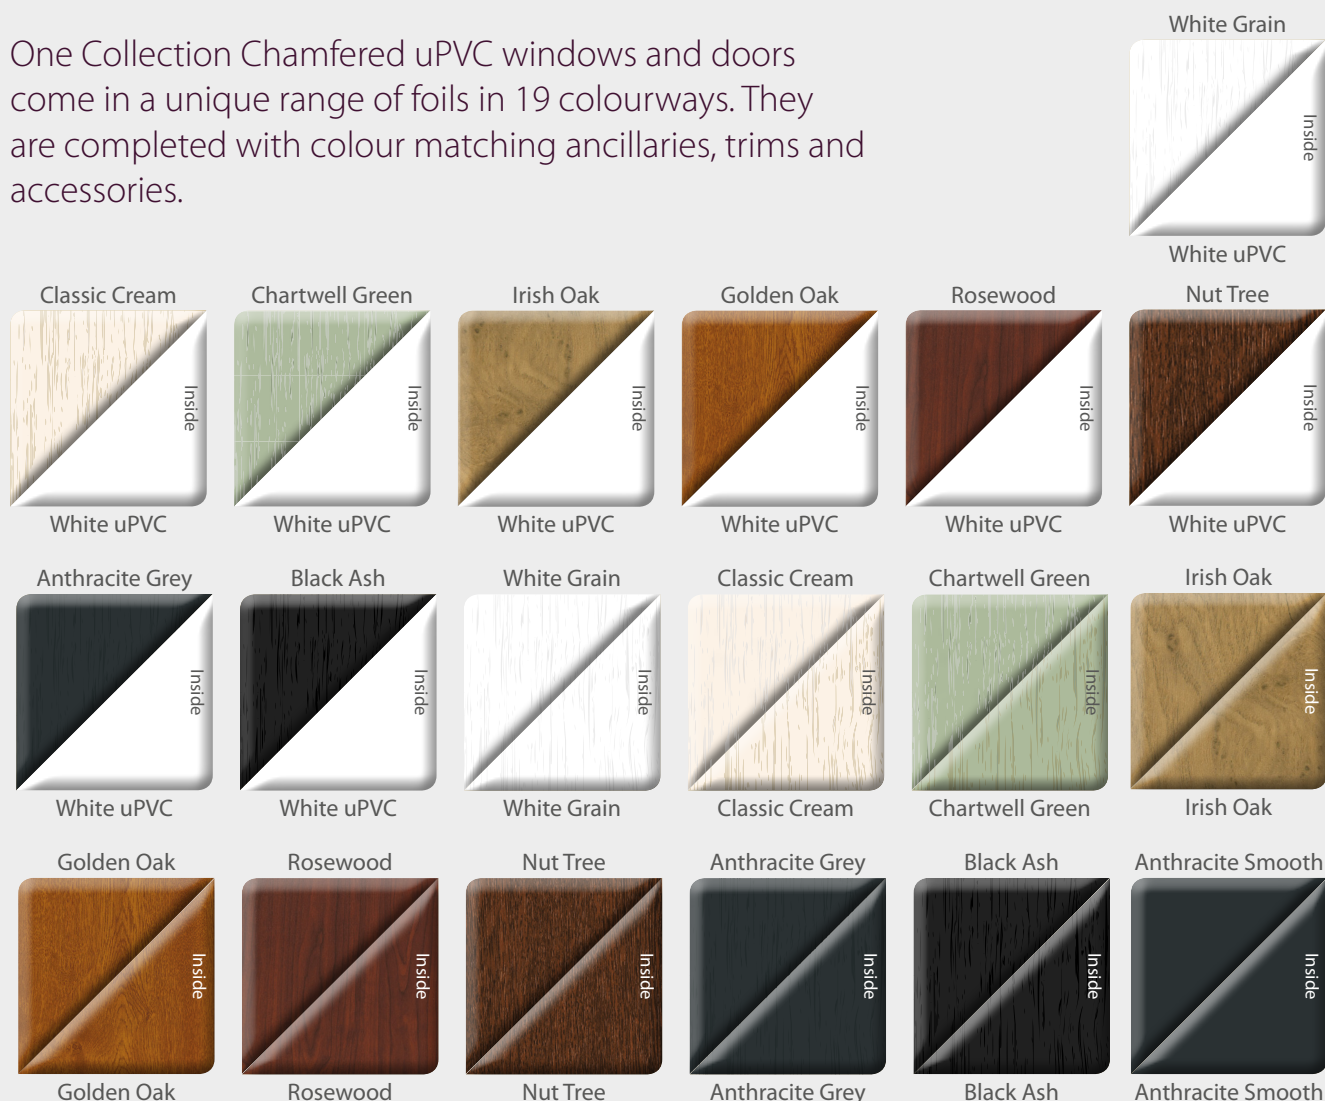

All our products undergo rigorous tests to ensure they are of the highest quality, durability and reliability. So your windows and doors will stay beautiful for longer, with very little maintenance. They are also all recyclable.

Colour Express

One Collection Chamfered uPVC windows and doors come in a unique range of foils in 19 colourways. They are completed with colour matching ancillaries, trims and accessories.

With an extensive selection of colours and colourways, we help you choose the perfect colour palette for your home.

- Colours include the beautiful woodgrains, Classic Cream, Chartwell Green, Irish Oak, Anthracite Grey, and the unique Nut Tree.
- Extreme durability and a 10 year manufacturer's guarantee means your new windows and doors will stay looking beautiful for years, giving you ultimate peace of mind.

We have produced the colour swatches as accurately as printing will allow. Please ask to see our swatch book for precise reference.

| Colour | Nearest Ral | Renolit Reference |

Residential Doors

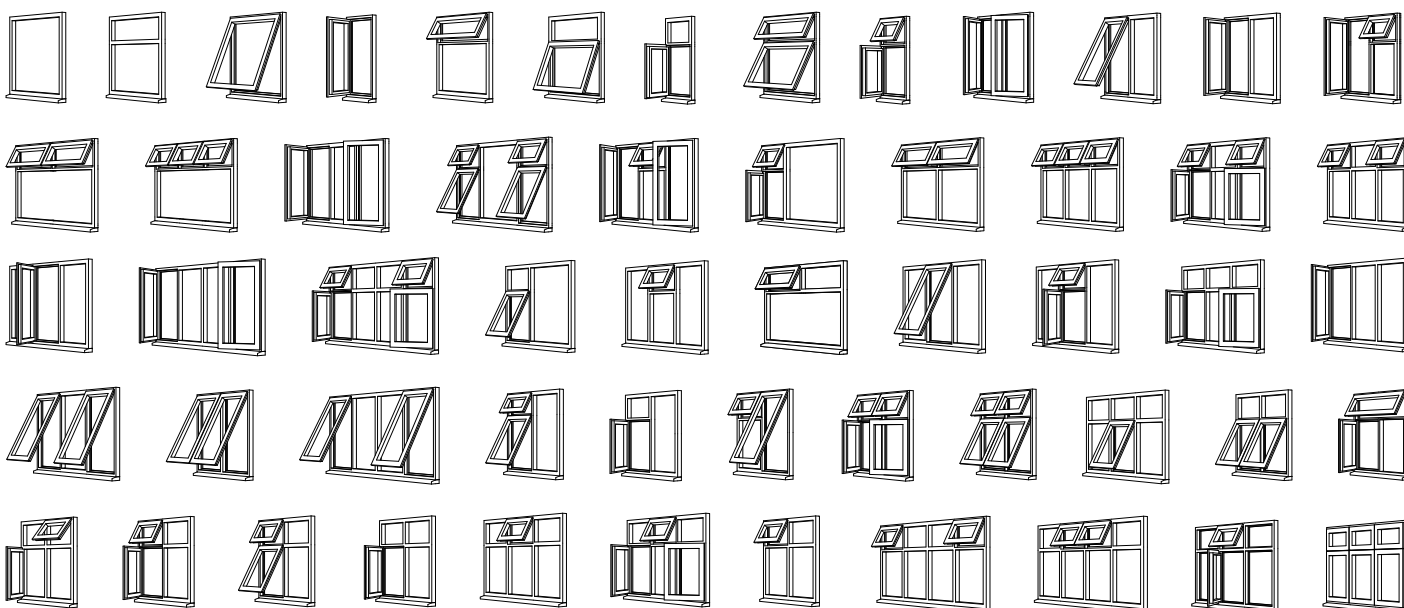

Patio Doors

Tilt and Turn Windows

Casement Windows

Choosing the right glass for your home

Minster glass

Contora glass

Stippolyte glass

A wide range of glass effects are available so you can more closely match the pattern you prefer. All glass options are available toughened or laminated for safety and security.

Leaded and Georgian

The design of your windows and doors have a big impact on the overall appearance of your home. Whatever the age of your property the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

Were the original windows leaded perhaps, or did they have Georgian bars?

Square leaded

Diamond leaded

Internal Georgian Bars

External Georgian Bars

Sightlines

Good window design extends to the symmetry of window sightlines.

Equal sightlines add balance and harmony – a subtle touch which adds value to any home.
